This Committee addresses matters in relation to the Safety and Security aspects.

Visit our website for more agenda:
www.bki.co.id

Agenda 3

Consideration and adoption of amendments to mandatory instruments

This agenda will cover several items such as:

- Amendments to the 1974 SOLAS Convention and associated instruments
- Amendments to part A of the International Code Intact Stability, 2008 (2008 IS Code)
- Amendments to the 2008 SPS, BCH, EGC and GC Codes
- Amendments to the International Maritime Dangerous Goods (IMDG) Code

The IMO Agenda item listed and explained in this leaflet are part of which that the Society wishes to take a careful look into and would then might benefit for the Administration and the Stakeholder. For more Info, email : sta@bki.co.id

Agenda 5

Maritime Autonomous Surface Ships (MASS)

This agenda will cover discussion on regulatory scoping exercise for the use of Maritime Autonomous Surface Ships. Some issues which will be considered are determining levels of autonomy and categorization of regulations to be applied for such ships. Hence, the definition of autonomous needs to be agreed first before further development on future work plan for regulatory exercise. One of essential factors to be considered on the development of such exercise are cyber security as well as human element, for both unmanned and manned MASS.

Ship Design and Construction (report of the fifth session of the Sub-Committee)

Following the report of SDC 5, some issues need to be discussed in the meeting inter alia regarding on:

Availability of passenger ships' electrical power supply in cases of flooding from side raking damage.

- The Committee is expected to clarify whether this matter should be solved by applying electrical engineering or naval architecture solutions (double hull or other structural requirements);
- The expected output should refer to the functional requirement with using a goal based approach.

The carriage of industrial personnel on vessels engaged on international voyages

- Categories of persons other than industrial persons which can be allowed to carry under IP Code such as passenger and special personnel.
- Requirements as cargo ship or developing other requirements to such ships

Agenda 10
